Product Video Brief

for Product Marketing Managers

The brief I send before writing a single line of a SaaS product video script. Fill it in once, and the script almost writes itself: one goal, one audience, one message. The same brief works as perfect input for an AI script draft.

OG After Effects animator. Now with AI.

01 Product & Context

How to use it: answer in plain words, not marketing copy. If a question feels hard, that is usually the part of the message that is not decided yet, and it is far cheaper to decide it here than in the edit.

01 Product & Context

1.1 Product name

1.2 Website / product page / demo link

1.3 Product stage

- [ ] MVP
- [ ] Beta
- [ ] Public launch
- [ ] Mature product
- [ ] Feature launch / update

1.4 What triggered this video?

e.g. launch, repositioning, low conversion, sales enablement, new ICP

02 Goal & Success Criteria

2.1 Primary goal of the video

Pick ONE — this defines the entire script

- [ ] Explain what the product does
- [ ] Drive sign-ups / trials
- [ ] Support a launch or feature release
- [ ] Improve activation or adoption
- [ ] Enable sales / outbound

2.2 Desired user action after watching the video

What should the viewer do immediately after?

2.3 Where will this video live?

- [ ] Homepage hero
- [ ] Product / feature page
- [ ] Paid ads
- [ ] Onboarding / in-app
- [ ] Sales decks / outbound
- [ ] Social (short-form)

03 Target Audience (ICP clarity)

3.1 **Primary audience**
Role, team, seniority, company size

3.2 **Secondary audience (if any)**
Optional

3.3 **What problem is this audience actively trying to solve?**
Their current pain, not your solution yet

3.4 **What are they using today instead?**

- [ ] Competitors
- [ ] Internal tools
- [ ] Spreadsheets / manual workflows

04 Positioning & Core Message

4.1 **One-sentence positioning statement**
"For [audience], [product] helps [outcome] by [key differentiator]."

4.2 **What is the #1 takeaway the viewer should remember?**
If they remember only one thing — what is it?

4.3 **Why should someone choose you over alternatives?**
Not features — reason to believe

05 Messaging Input (AIDA-aligned)

ATTENTION — HOOK

5.1 **What frustration, risk, or pain should open the video?**
e.g. "Worried about getting ghosted after sending money?"

5.2 **What does your audience want to avoid at all costs?**

INTEREST — SOLUTION FRAMING

5.3 **How would you describe the product in one line?**
"Meet X. [clear, simple description]"

5.4 **How would a PMM explain this product internally?**
The "Slack explanation"

DESIRE — VALUE & PROOF

5.5 **Top 3 customer problems this product solves**

1
2
3

5.6 **Top 3 benefits (outcomes, not features)**
e.g. speed, confidence, clarity, control

1
2
3

5.7 **Key features that should appear in the video**
Only those that directly support the message

5.8 **Any proof points we can leverage?**

- [ ] Customer quotes
- [ ] Usage numbers
- [ ] Logos
- [ ] Internal data

ACTION — CTA

5.9 **Primary call-to-action**

- [ ] Start free trial
- [ ] Sign up
- [ ] Book a demo
- [ ] Learn more

06 Tone, Style & Brand Fit

6.1 **Desired tone**

- [ ] Clear & educational
- [ ] Confident & bold
- [ ] Friendly & human
- [ ] Premium & polished
- [ ] Technical

6.2 **Brand or messaging guidelines we should follow**

Link or notes

6.3 **Reference videos you like**

Competitor or non-competitor examples

6.4 **What should we avoid?**

Tone, visuals, claims, clichés

07 Constraints & Assets

7.1 **Target video length**

- [ ] 30–45s
- [ ] 60s
- [ ] 90s
- [ ] Flexible

7.2 **Deadline / launch date**

Is it tied to a campaign or release?

7.3 **Available assets**

- [ ] UI / Figma
- [ ] Demo environment
- [ ] Brand visuals
- [ ] Existing videos

08 Measurement & Impact

8.1 **How will you measure success?**

- [ ] Conversion rate
- [ ] Activation
- [ ] Engagement / watch time
- [ ] Sales feedback
- [ ] Reduced objections

8.2 **Any benchmarks or baselines?**
Optional, but gold

09 Final Notes

9.1 **Anything else we should know before scripting starts?**
Legal, compliance, internal politics, no-go topics

Why this brief matters

This brief helps us create a message-driven product video, not just a visual asset. Clear inputs = faster iterations, stronger positioning, and better results.
